FOR SALE-REAL ESTATE

Flats have come to stay; to live in them is the modern way of surrounding oneselt with all the luxuries of wealth at tha minimum of cost. The rent, with heat and hot water furnished, is \$30 a month and up, and when you figure that when you live in one you save \$8 or \$10 a month car fare, as much more for lunches that you would otherwise have downtown, and perhaps \$10 a month for coal, it does not cost you so very much to live in this up-to-date way; consequently, the popular demand is for more flats, as the present ones are all filled, with a waiting list of tenants. The VERY swellest location is in the vicinity of the Alta club and public library. Half a block east of the Alta club, on the same side of the street, we have 773 feet at \$175 per foot. The last saie in this block, but with greater depth, was at \$280 per foot.

Another choice piece is opposite the public library, on State street, at \$350 per foot.

Fine close-in corner on Brigham, at \$125 foot. The same price is asked for inside lots three or four blocks cast. FLAT TALK.

Fine close-in corner on Brigham, at \$123 foot. The same price is asked for inside lots three or four blocks cast.

For smail flats there is an ideal site on let South, between 2nd and 2nd East. It's 40x132 and a corner on a LT-foot street, giving light all around, and this is only \$150 foot.

Also 65x165, right of way on side, 1st West, inst south of 2nd So.; 8-room, 2-story frame on it that will rent for \$35 mo. This last at \$114 foot.

Our office is headquarters for flat sites.

There never was a better time in the history of Salt Lake for safe and profitable investment than now. Take our advice—if you already own something, own more. There is no danger of you owning too much. If you don't own any Salt Lake real estate, get some. We know it won't hurt you, but will do you good. More people get rich by owning real estate than in any other way. We repeat it—get some now and don't wait until you are too old to begin.
